# STAVROS NIARCHOS FOUNDATION SCHOLARSHIP

## A major award to support Greek students training in the UK

LAMDA is a world-leading drama school in London. Each year we provide exceptional vocational training to actors, stage managers, technicians and directors from around the globe.

The Stavros Niarchos Foundation scholarship offers the opportunity for a student from Greece to train on any of LAMDA's full-time drama school degree courses from September 2018, and will provide full tuition fees and a significant contribution to living costs in 2018/19.

Applications for LAMDA's courses are now open with applications closing on 1 March 2018 for our acting courses and 1 May 2018 for Production & Technical Arts: Stage & Screen and MA Directing.
